

Jim King

is a black jack with white points, 15 1/2 hands high and has good head and ear and heavy bone. He is a pedigreed jack and eligible to register. Will serve mares at \$10.00, jennets at \$15.00 for jennet colt and \$25.00 for jack colt.

Nick

is a dark gray 15 hand high 3 years old and will serve a limited number. He has the making of a fine jack. He will serve a limited number of mares at \$10.00. Terms same as above on all jacks and horse.

Jim King jr.

is a dapple gray 5 yrs old 16 hands high and has proved to be a first class breeder. He will serve mares at \$10.00. Season same as above on all jacks and horse.

I also have a young jack which will serve a limited number of mares at \$10.00

Terms:

The fee charged for the service of mares and jennets by each of the above named animals shall be due and payable when colt is born alive. If the colt is not born alive, there shall be no charge; but if the mare be sold or traded off before the time for the birth of the colt, the season fee shall thereupon be immediately due and payable. In case there will be no guarantee that the mare is in foal or that the colt will be born alive and the season fee shall be for servility. All colts that are the product of the service of the above named animals will be held for such service and I will hold and retain a lien on colts in whose hands they may be until the season fee is paid. No service on Sunday.

The above stock will make the season of 1919 6 miles north of Keytesville 2 miles east 1 1/2 mi n w Eccles.

Prairie Hill pushes the larger towns to the last notch to win against her in high school contests. Some day she will put it all over the whole assembly as she does every time on Salisbury H. S.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

Plattsburg, a little town in the western part of the state, voted last week \$70,000 for a municipal water works system. Plattsburg is very little larger than Keytesville. If we can get ourselves bonded for as much as \$8000 we can build a system which will get water up town and people can help themselves as they wish. Why not?

Final Settlement Notice.

Creditors and all others interested in the estate of D. W. Bayne deceased, are hereby notified that at the next Regular term of the Chariton County Probate Court, to be begun and held on the Second Monday in May 1919, at the Court House in Keytesville, in said County, I shall make final settlement of said estate.

No doubt you have been using your starting battery pretty strenuously this summer. Don't start it out on its winter's work without having it put in good order. Cars are hard to start in cold weather. We make no charge for inspecting your battery.

The "Exide" Starting and Lighting Battery is the original Unit-seal Battery—the most compactly constructed battery. It gives powerful, enduring service—the sort that you can depend on. It's easy to care for and easy to repair. It's the famous "Giant that lives in a box." GET IN THE HABIT OF USING OUR FREE INSPECTION SERVICE REGULARLY.

Attorney Fritz Sasse of Brunswick won his other case in the matter of the paving in his city. Mr. Sasse won the case against the contractors who put in the sewer system in that city and appealed from the decision of the circuit court in the paving case with the result stated. It is understood that the case will be taken to the Supreme Court. The decision by the court of appeals was based on insufficient notice, two weeks not meaning two issues of the paper publishing the notice. The point is a new one.

H. E. WATTS, General Passenger Agent, St. Louis

Our liberal selling plan makes it possible for every farmer to own a silo. There is no longer any excuse for a farmer not to own a silo. Butter fat has reached a high figure, good beef is selling at prices you never dreamed of a few years ago; in fact all farm products demand top-notch prices. A silo erected this season will pay for itself in one year. It will increase the stock carrying capacity of your farm 25%, without increasing the acreage in corn.

The increased herd of live stock will produce the cheapest and most effective fertilizer that you can place upon

the soil. Then, too, it will lower the cost of harvesting the corn crop nearly \$5.00 per acre, and the feeding of silage saves labor and this one feature alone means an increase in net profits.

J. B. Crum, Dalton, Mo.

He will be glad to talk with you any day and explain the features of construction of the Lasco silo—how it is built to last a lifetime—reinforced with steel rods encircling the silo at every course, and embedded in cement, how the all-steel door frame, the famous Ladder Hinge Door, and the King-B Gambrel Roof make the Lasco the world's greatest tile silo.
